Dip

Dylan Gardner

I was wondering what it's like to have no fear
I was gazing see through pools like crystal clear
I wish twenty wasn't over
I barely did a thing
Temporary supernovas
We could fade away

I just wanna dip down below the water
Float up to the lip
Cause I wanna feel the headrush
Yeah, I wanna feel the air touch

I was lifted dropping down on solid ice
I was listening to psychedelic songs all night
I wish twenty-one's not over
I didn't even drink
I'm freezing to the touch
Friends come calling up
Got my hair pulled back, cause I'm gonna take a splash

I just wanna dip down below the water
Float up to the lip
Cause I wanna feel the headrush
Yeah, I wanna feel the air touch

You can make me sink tonight
I'm just holding on for life

Cause I wanna feel the headrush
Yeah, I wanna feel the air touch
I just wanna dip
Cause I wanna feel the headrush
Yeah, I wanna feel the air touch
I just wanna dip
Cause I wanna feel the headrush
Yeah, I wanna feel the air touch
Float up to the lip
Cause I wanna feel the headrush
Yeah, I wanna feel the air touch
