

I Think I'm Falling For Something

Dylan Gardner

She said I'd never ever seen his face
But I swear I've seen him from this old place
Did you ever think this place was me?
I mean, I thought we talked about it all before
When the hours would pass for so much more
Did you lose the track of time just like me?

Well that's when I close my eyes and try to slip away
'Cuz I think I'm falling for something
I think I'm falling for something
I don't know what to think or what to say
'Cuz I think I'm falling for something
I think I'm falling for something

I want to leave behind this little place
And take you with me to the state of grace that I only wish was a reality
But I see you must have had your other plans
'Cuz I'm not the only one holding your hand
And I wanna run, wanna run
I just need someone, I need someone

I close my eyes and try to slip away
'Cuz I think I'm falling for something
I think I'm falling for something
I don't know what to think or what to say
'Cuz I think I'm falling for something
I think I'm falling for something

I don't know why, I don't know where
I see your face it gets me there
I want to try and take a chance now

That's when I close my eyes and try to slip away
'Cuz I think I'm falling for something
I think I'm falling for something

That's when I close my eyes and try to slip away
'Cuz I think I'm falling for something
I think I'm falling for something
I don't know what to think or what to say
I think I'm falling for something
I think I'm falling for something

I don't know why, I don't know where
I see your face it gets me there
I want to try and take a chance now
That's why I close my eyes and try to slip away
'Cuz I think I'm falling for something
I think I'm falling for something
