

The Actor

Dylan Gardner

I am the looks, I am the brains
I am the actor
I am the master of my own demise
I am the soul, I am the whole
I am the actor
I'm the disaster who can't read his lines

Please don't leave me now; I've lost my way
And I don't know what it is or what I should say
I've played the role just a little too far
No one ever told me this was hard

I take a walk outside
The only part where I am free to fly
I take it back on that track
I am the actor
Closing the chapter because I'm afraid to

Please don't leave me now; I've lost my way
And I don't know what it is or what I should say
I've played the role just a little too far
No one ever told me this was hard

Please don't leave me now; I've lost my way
And I don't know what it is or what I should say
I've played the role just a little too far
No one ever told me this was hard
