

Deer On The Wall

Dylan Marlowe

Damn, I really am excited you're moving to my place
Don't need to be reminding, some things are about to change
Ain't even gonna fight it, girl you can have your way
Yeah, pack up all your things, baby bring it all down

A little give and take, that's something I can handle
Bring all your Southern Living and all your Yankee Candles
But I saw you roll your eyes when you looked up at the mantle
So, I think it's 'bout time that we had a talk

I hate to bring this up, I don't wanna fight
But I'm down if you're down with some compromise
Anything you want at all, girl I don't care
But that deer on the wall ain't going anywhere
(That deer on the wall ain't going anywhere)

Yeah, baby what you think
Girl, how's that sound to you
We'll throw your throw pillows in every single room
Plant some flowers in the yard, girl it ain't nothing
My 12-point's staying and I ain't budging

I hate to bring this up, I don't wanna fight
But I'm down if you're down with some compromise
Anything you want at all, girl I don't care
But that deer on the wall ain't going anywhere
Hell naw, no it ain't going anywhere

So, tell me what you got in mind
Take every drawer out my dresser
If it makes you feel better
Yeah, I'll even leave my boots outside, girl

I hate to bring this up, I don't wanna fight
But I'm down if you're down with some compromise
Anything you want at all, girl I don't care
But that deer on the wall ain't going anywhere

Paint the back porch pink and the picket fence white
I'll park the boat out back, put your car in my drive
Chandeliers down the hall, girl I don't care
But that deer on the wall ain't going anywhere
Ain't going anywhere
Hell naw, no it ain't going anywhere
Yeah, that deer on the wall ain't going anywhere
