

Picture Perfect

Dylan Marlowe

Baby, what you say we take a ride down that dirt road
Look at that farm again
Dream about building that house by the white oak
Stocking that pond with fish

And oh, oh, oh, oh
So many pine trees you won't see the neighbors
Oh, oh, oh
Girl, we're almost there
So do me a favor

Baby, close your eyes and picture perfect
Little handprints and Bible verses
In the concrete holding up your dream house
4020 in the barn, I can see it right now
Baby, picture baby pictures in the hallway
Dogs in the yard
Pencil marks in the doorframe
Wonder what kind of life
I've got in mind
Just close your eyes and picture perfect

Yeah, girl, I've been saving up every single dollar
That's been coming our way
All this me missing you at home and being gone on the road
It's going to pay off some day

Oh, oh, oh
Might not look like it right now
But me and God got some bigger plans
Oh, oh, oh
Let's pull over for a minute
So, you can take a second and

Baby, close your eyes and picture perfect
Little handprints and Bible verses
In the concrete holding up your dream house
4020 in the barn
I can see it right now
Baby, picture baby pictures in the hallway
Dogs in the yard
Pencil marks in the doorframe
Wonder what kind of life
I've got in mind
Just close your eyes and picture perfect
Yeah, picture perfect

Baby, close your eyes and picture perfect
Little handprints and Bible verses
In the concrete holding up your dream house
4020 in the barn
I can see it right now
Baby picture baby pictures in the hallway
Dogs in the yard
Pencil marks in the doorframe
Wonder what kind of life
I've got in mind

Just close your eyes and picture perfect
Oh, oh, oh
