

# Stick To My Guns

Dylan Marlowe

I'm sick and damn tired of the man on the TV telling me how to live  
And it gets a little old when you're always being told that you gotta do that and this  
Turns out there's a lot of folks that don't like all the things I love  
Good thing this ain't for them folks, yeah, this songs the one

Where I stick to these boots I'm putting down  
Stick to this cross around my neck  
Stick to these roots stuck in the ground  
Way I was raised ain't let me down yet  
In a world that's changing, I sure as hell ain't, son  
So, I'll sit right here with a rifle and a beer 'til the good Lord comes  
And stick to my guns

I am who I am, yeah wrong or right  
I don't give a damn or apologize  
I'm proud of this passed down way of life  
Yeah buddy, that's why

I stick to these boots I'm putting down  
Stick to this cross around my neck  
Stick to these roots stuck in the ground  
The way I was raised ain't let me down yet  
In a world that's changing, I sure as hell ain't, son  
So, I'll sit right here with a rifle and a beer 'til the good Lord comes  
And stick to my guns  
Yeah, I'm gonna stick to my guns

Yeah, just like my daddy taught me to  
That's what I'll do

I stick to these boots I'm putting down  
Stick to this cross around my neck  
Stick to these roots stuck in the ground  
Way I was raised ain't let me down yet  
In a world that's changing, I sure as hell ain't, son  
So, I'll sit right here with a rifle and a beer 'til the good Lord comes  
And stick to my guns  
I'm gonna stick to my guns  
I'll stick to my guns
