

# Daddy Drinks Whiskey

Dylan Schneider

Used to be sober as a judge  
Nothing but coffee in his cup  
Big ole smile when he'd wake me up  
And take me to school  
When I got back we'd grab that ball  
Hit a few home runs in that backyard  
Truth be told never hit 'em that far  
But he made me feel like I did

Made that kid feel like a king  
With every pitch with every swing

But now daddy drinks whiskey doubles  
Hear mama talking 'bout the troubles  
That we're going through  
Don't know what to do or how to fix it  
Yeah daddy gets mad daddy slams doors  
Daddy says things he never said before  
Yeah I wonder if he's too drunk to even miss me  
Cause now daddy drinks whiskey

And just the other day I called him up  
And told him about my brand new truck  
And that his daughter thinks she's in love  
And she's only eighteen  
If he only knew all the things he missed  
Would he sell it all for another fifth  
Would he let us drown for another sip

Cause now daddy drinks whiskey doubles  
Hear mama talking 'bout the troubles  
That we're going through  
Don't know what to do or how to fix it  
Yeah daddy gets mad daddy slams doors  
Daddy says things he never said before  
Yeah I wonder if he's too drunk to even miss me  
Cause now daddy drinks whiskey  
And daddy drinks whiskey

Straight  
Daddy won't man up  
And say that he did wrong  
Gonna come home  
Yeah I know he ain't  
Cause daddy drinks whiskey

And daddy drinks whiskey doubles  
Hear mama talking 'bout the troubles  
That we're going through  
Don't know what to do or how to fix it  
Yeah daddy gets mad daddy slams doors  
Daddy says things he never said before  
Yeah I wonder if he's too drunk to even miss me  
Cause now daddy drinks whiskey  
Yeah, my daddy drinks whiskey
