No Problem

Dylan Schneider

(Girl I got a no problem)

Yeah, it's a bad habit, the way I got to have it
With or without you around
All ya gotta do is call me, and tell me that you're lonely
You're always stringing me out

Yeah, they say the first step to quitting it
Is admitting it, so here it is

Girl, I think I got a no problem
On my hands, 'cause I can't say no to you
Once you start you know I can't stop it
Even if I wanted to
Yeah, I get tongue tied every time I try
To do what I oughta do
Girl, I got a no problem
Yeah, 'cause I can't say no to you

Girl, I should know better, yeah, I should know never
To let you in just to leave
If it's just two letters, then why can't I ever
Find a way to piece 'em together

Let's say the first step to quitting it
Is admitting it, I'm admitting it, here it is

Girl, I think I got a no problem
On my hands, 'cause I can't say no to you
Once you start you know I can't stop it
Even if I wanted to
Yeah, I get tongue tied every time I try
To do what I oughta do
Girl, I got a no problem
Yeah, 'cause I can't say no to you

Those smokey blue eyes staring back at me
Yeah, you already know if you're asking me
What the answer's always gonna be
It's gonna be, yeah

Girl, I think I got a no problem
On my hands, 'cause I can't say no to you
Once you start you know I can't stop it
Even if I wanted to
Yeah, I get tongue tied every time I try
To do what I oughta do
Girl, I got a no problem
Yeah, 'cause I can't say no to you

Those smokey blue eyes staring back at me
Can't say no to you
Yeah, you already know if you're asking me
Girl, I got a no problem
That the answer's always gonna be
'Cause you can't say no to you
Girl, I got a no problem

'Cause I can't say no to you

'Cause I can't say no to you
