

You Heard Wrong

Dylan Schneider

You heard wrong, wrong, wrong
You heard wrong, wrong, wrong
You heard wrong

Every time I'm out on the town, I bet your phone's blowin' up
All your friends trying to tell you that I'm hookin' up
Just cause I shot her a wink
They get you thinking that I'm over you
But I ain't over you, no
You can't believe every single word
That don't mean I ain't hurting baby

Truth is I'm pretty good at putting on a show
Hanging and thinking ain't nobody gotta know
That I'm wanting you, wanting you, wanting you
Wishing that I was holding you, holding you, holding you
Yeah I'm getting better at getting over us
My head's a broken record and the needle gets stuck sometimes
If you heard I'm fine since you been gone, gone, gone

You heard wrong, wrong, wrong
You heard wrong, wrong, wrong
You heard wrong

Everybody knows you
And everybody's thinking that we had it all
Til it all came crashing down at our feet
Everytime I see you around I gotta act like I'm over you
But I ain't over you

Truth is I'm pretty good at putting on a show
Hanging and thinking ain't nobody gotta know
That I'm wanting you, wanting you, wanting you
Wishing that I was holding you, holding you, holding you
Yeah I'm getting better at getting over us
My head's a broken record and the needle gets stuck sometimes
If you heard I'm fine since you been gone, gone, gone
Girl you heard wrong yeah
Girl you heard wrong oh

You heard wrong, wrong, wrong
You heard wrong, wrong, wrong
You heard wrong

You can't believe every word, baby
That don't mean I ain't hurtin' baby

Truth is I'm pretty good at putting on a show
Hanging and thinking ain't nobody gotta know
That I'm wanting you, wanting you, wanting you
Wishing that I was holding you, holding you, holding you
Yeah I'm getting better at getting over us
My head's a broken record and the needle gets stuck sometimes
If you heard I'm fine since you been gone, gone, gone
Girl you heard wrong oh
Girl you heard wrong yeah

You heard wrong, wrong, wrong
You heard wrong, wrong, wrong
You heard wrong

You heard wrong
You heard wrong
