

# Look at Us Now

Dylan Scott

Just a couple kids with a big dream  
That's what you do when you're in love and you're 16  
House on a hill with an oak tree  
Have a couple kids, push 'em on a tire swing  
Ooh we had it all planned out  
Ooh and everyone had their doubts

But look at us now, look at us now  
There's a ring on the finger that I'm wrapped around  
Look at us now, look at us now  
We got a baby with my eyes and he's got your smile  
Livin' that good life with you baby  
Everybody thought that we were crazy  
But look at us now, look at us now  
Baby look at us now

I'm still all about you, you're still all about me  
And after all these years baby all I see  
Is the same girl that I fell in love with  
I went from boyfriend to fiancé to husband  
Yeah ooh we had it all planned out  
Ooh and everyone had their doubts

But look at us now, look at us now  
There's a ring on the finger that I'm wrapped around  
Look at us now, look at us now  
We got a baby with my eyes and he's got your smile  
Livin' that good life with you baby  
Everybody thought that we were crazy  
But look at us now, look at us now  
Baby look at us now

Ooh we had it all planned out  
Ooh everyone had their doubts

But look at us now, look at us now

Look at us now, look at us now  
There's a ring on the finger that I'm wrapped around  
Look at us now, look at us now  
We got a baby with my eyes and he's got your smile  
Livin' that good life with you baby  
Everybody thought that we were crazy  
But look at us now, look at us now  
Baby look at us now
