

You Got Me

Dylan Scott

Sometimes I'm a damn fool
Got my name on a bar stool
You think I'm crazy cause I think I'm cool
I know you got your hands full
Sometimes we stay up all night
Sometimes you let me think I'm right
We fight, we laugh, we cry
Ain't nothing short of beautiful

When you kiss me, you stop me
When you touch me, you rock me
No one knows me like you, nothing I wouldn't do
Yeah whenever you want me, you get me, you got me girl

You know what I mean to say
You cut me slack when I'm running late
When something's wrong you know right away
How'd I get so lucky
Every night just before
I pick the pillows up off the floor
I hit my knees and thank the Lord
For a woman that loves me

When you kiss me, you stop me
When you touch me, you rock me
No one knows me like you, nothing I wouldn't do
Yeah whenever you want me, you get me, you got me girl
Oh, you got me girl

When you kiss me, you stop me
When you touch me, you rock me
No one knows me like you, nothing I wouldn't do
Yeah whenever you want me, you get me
When you kiss me, you stop me
When you touch me, you rock me
No one knows me like you, nothing I wouldn't do
Yeah whenever you want me, you get me, you got me girl
Oh, you got me girl
Yeah whenever you want me, you get me, you got me girl
