

# FOREVER

Dylan Sinclair

She's my lover forever  
I love her no matter the pattern

They don't want us together  
They're tryna pull her away  
They doubt I'm good enough for her  
But still, my baby, she stays  
Saying run away with me  
Pray and be brave with me  
Many men want her, but she's down for me

She don't wanna leave  
She won't let me go  
She says it's me  
And her against the globe

She's my lover forever  
I love her no matter the pattern

Only for you, I get helpless  
Not for no one but you  
Friends wish you were someone else's  
So weekly they introduce  
You to someone new

To niggas with deeper pockets  
Big boy bosses  
You don't want it  
Girl, I'm on it  
I'm on my way  
I go crazy for you

She don't wanna leave  
She won't let me go  
She says it's me  
And her against the globe

She's my lover forever  
I love her no matter the pattern  
She's my lover forever  
I love her no matter the pattern

Put my life on the line  
For my baby 'cause she's mine  
She is why I'd do time  
Her love is the worst of crimes

Put my life on the line  
For my baby 'cause she's mine  
She is why I do time  
Her love is the worst of crimes

She's my lover forever  
I love her no matter the pattern  
She's my lover forever  
I love her no matter the pattern

You are the dream when my eyes close  
You are the dream when my eyes close  
You are the dream when my eyes close  
You are the dream when my eyes close

One love, two hearts  
Forever and ever

One love, two hearts  
Forever and ever

One love, two hearts  
Forever and ever

One love, two hearts  
Forever and ever

One love, two hearts  
Forever and ever
