

Home

Dylan Sinclair

I know we'll live this through
Beat us black and blue
I stay only if you do
We were built to last for life
In a state of mind
If until we die

When you're all alone
Remember where home is
I'm your boulevard
We fully control this
When you're all alone
Remember where home is
I'm your boulevard
We fully control this

My sights
Not limited to
Present me and you
I live in the future
My pride
My heart doesn't use
Distance as excuse
To find something new

When you're all alone
Remember where home is
I'm your boulevard
We fully control this
When you're all alone
Remember where home is
I'm your boulevard
We fully control this

I could be bothered baby
I know the drill
We could be taught it
Maybe learn on our own
Sleeping's a bother baby
Missing your warmth
Walking around and
Walking around and
I could be bothered baby
I know the drill
We could be taught it
Maybe learn on our own
Sleeping's a bother baby
Missing your warmth
Walking around and
Having nothing to hold
