

# I'm In It

Dylan Sinclair

You're so scared that I would lie  
But I need you to trust me, babe  
If I wanted more then I would've said so  
But I'd never disrespect you  
Tell you one thing and then go do a next  
Why you thinking lowly of me like I'm the rest?  
I don't think about no other girls  
Unless you bring them up to me, oh

Baby, will you be okay?  
(You won't always be by my side)  
When the ladies say my name  
(But, baby, I don't have shit to hide)  
Baby, will you be okay?  
(Baby, will you)  
(Oh, oh)  
Oh, when they say my name like

(I'm in it)  
(I'm in it, I'm in it)  
When you and I are alone  
Get your eyes off your phone  
(I'm in it, I'm in it)  
I'll let you know that I'm home

(I'm in it)  
(I'm in it, I'm in it)  
See, I need you to be sure  
Don't you be insecure 'cause  
(I'm in it, I'm in it, I'm in it, I'm in it)

The guys say I could get away if I cheated  
I could deceive you, but I  
Love you too much and though I believe it, couldn't repeat it  
Tried to do it all before  
But I'll lose your love and more  
Your touch important to me  
When you let me get in so deep  
When you let me rest up quick to breathe

You know every little thing that I need yeah  
You're so afraid I'd embarrass you  
Like 'cause I'm paid I won't cherish you

Baby, will you be okay?  
(You won't always be by my side)  
When the ladies say my name  
(But baby I don't have shit to hide)  
Baby will you be okay  
(Baby will you)  
(Oh, oh)  
Oh, when they say my name like

(I'm in it)  
(I'm in it, I'm in it)  
When you and I are alone  
Get your eyes off your phone

(I'm in it, I'm in it)  
I'll let you know that I'm home

(I'm in it)  
(I'm in it, I'm in it)  
See, I need you to be sure  
Don't you be insecure 'cause  
(I'm in it, I'm in it, I'm in it, I'm in it)  
I'm in it  
I'm in it, I'm in it  
I'm in it  
I'm in it
