

LEMON TREES

Dylan Sinclair

Pockets is shallow shallow
But I'm in deep
I don't want me no girl that's not a freak
I have me my baby
Whose love is free
She does whatever
Makes me feel better
Why
With all the things
She wanna be to me
Can't I believe
She's all I need for me
When I see her she's on the ground
Saying she'll hold me down

Boy, can't you see
Imma hold you down
Don't play with me
Come and have me now
Boy, can't you see (I'll hold, hold you down)
Imma hold you down (I'll hold, hold you down)
Don't play with me (I'll hold, hold you down)
Come and have me now (I'll go, the whole nine)

Pockets is shallow shallow
And she's a queen
I been called her the girl of my dreams
But I'm on a mission
To keep winnin'
Time for women
Slowly slippin'
And I
Been dying to make her my life
But as I go about mine
I'm never running out of signs
To take my time with her

Boy, can't you see
Imma hold you down
Don't play with me
Come and have me now
Boy, can't you see (I'll hold, hold you down)
Imma hold you down (I'll hold, hold you down)
Don't play with me (I'll hold, hold you down)
Come and have me now (I'll go, the whole nine)

Girl, you just might be the one for me
(You just might be the one for me)
But I don't wanna rush it
(But I don't wanna rush it)
I like feeling your love on me
(I like feeling your love on me)
I don't know why I fight it
(I don't know why I fight it)

I'll hold, hold you down
I'll hold, hold you down

I'll hold, hold you down
I'll go, the whole nine
I'll hold, hold you down
I'll hold, hold you down
I'll hold, hold you down
I'll go, the whole nine
