

## ONE MORE NIGHT INTERLUDE

Dylan Sinclair

Well, you know my English is not perfect but I will try  
Umm  
It's really sad because I prefer to say goodbye in person  
I told you  
I also think we need one more night  
And it's so sad because  
Yesterday, last night was for me perfect  
The conversation  
The moments  
Umm  
I don't know  
I just want to go back, back to last night  
And stay there a little bit more
