

## Pleasure

Dylan Sinclair

Take my hand, let's dance slow  
Move your waist and I'll know  
If it isn't the time then just say so and I'll bounce back  
But the feeling is right and I want you to feel me grab you  
As the music plays, all the love we make  
Isn't comparable to any other pleasure  
If you're in the mood (If you're in the mood)  
Let me pleasure you

Let me pleasure you, ooh (Let me pleasure you)  
You, ooh (Let me pleasure you)  
You, ooh (Let me pleasure you)  
You, ooh (Let me-)

Just let go and feel me  
Smooth caress on your body  
I'll make you comfortable  
Let's get vulnerable baby, oh  
Tell me word for word  
What you want to hear from me  
I would rather try to keep you satisfied  
Than to move too fast as if you don't matter  
What you wanna do? (What wanna do?)  
Let me pleasure you (Let me pleasure you)

Let me pleasure you, ooh (Let me pleasure you)  
You, ooh (You)  
You, ooh (Let me pleasure you)  
You, ooh

Let me please you baby, oh  
Don't you beat around the bush  
Just say it how you want it babe  
Want it babe, want it babe, want it baby
