

# Rational

Dylan Sinclair

I can rationalize life as a savage  
All that I wanted was freedom  
To be free is to feel the pain with no sense of fear  
(Fear)  
That's what I learned this past  
This past year and now I'm singing like

There's a reason for all that I do  
And if you ask me I'll tell the truth

I can rationalize life as a savage  
All that I wanted was freedom  
To be free is to feel the pain with no sense of fear  
That's what I learned this past  
This past year and now I'm singing like

I know that misery leaves room for joy  
I chase opportunities  
I'm just a boy
