K that's enough  
Show me some love  
Feels like a flop  
Do you want me still or not  
If our breath disappears  
When we're through with our years  
Is it better we go where we wanna  
It has always been clear  
That I gotchu right here  
But now I'm not so sure

Bliss in the distance  
You're wishin'  
Kissing me felt like before  
Miss when convincing me  
Listening  
Wasn't a chore  
When less felt like more  
And infinite with no end  
Like a line  
I wanted to be your man  
But I  
I ain't ready to shut that door  
I can't hold on anymore

Drift in the breeze  
The green trees be free  
We been stuck for some weeks  
Why can't we claim peace  
And not get angry  
This feels far from new  
I don't know what to do  
Other than let you loose  
I'm chasing your needs  
Do I please less? should you need less?  
Should I be more? have some remorse?  
Or let it go?  
Don't wanna let you go

Bliss in the distance  
You're wishin'  
Kissing me felt like before  
Miss when convincing you  
Listening  
Wasn't a chore  
When less felt like more  
And infinite with no end  
Like a line  
I wanted to be your man  
But I  
Don't feel the love anymore  
Show me the love from before

It's so hard to leave  
But I know I should go  
Gotta figure out what I need  
And do it on my own

It's so hard to leave (sighin', cryin')  
But I know I should go (lyin', don't wanna do no more)  
Gotta figure out what I need (fightin', sighin')  
And do it on my own (so I gotta let you go, you and I we both know)

I blame it on the party girls  
I blame it on the outside world
