

SLO MO

Dylan Sinclair

Under the moonlight
What we do is righteous
I'm laying by your side
Feeling on your thighs

Been working all week
I'm after this bread
Now put work on me
While I make you sweat

This life is so fast
You say to slow down
Don't want me to crash
From working year round

Girl you are the real star
Ride me like I'm your car
Like I am your m6
Show me all of your tricks
Damn

Slow down the speed I'm tryna see it
Love how you tease watch me receive it
This is a new drug
Hips like hula

I like seeing you in
Slo mo
Slo mo
Slo mo
Slow

Baby this your
Solo
Solo
Solo
So

After the sun rise
You set your ass down
Just how I like
You get me right
Switch your position
But you don't switch sides
That's why you're mine
A queen needs a throne
But you want my lap
It's not made of gold
But you'd argue that
Girl you are the real prize
Perfect shape perfect size
And that's why I stay down
When you come back around me

Just how I need
Jodeci fienin'
When you're with me

You turn to demon

This is a new love
Hallelujah

I like seeing you in
Slo mo
Slo mo
Slo mo
Slow

Baby this your
Solo
Solo
Solo
So

Lemme see you in
Slo mo (you hold it down)
Slo mo (you get the crown)
Slo mo (yea make that sound)
Slow (sound)

Baby this your
Solo (you make me proud)
Solo (going for rounds)
Solo (and rounds and rounds)
So (and rounds and)

Slo mo
Slo mo
Slo mo
Slow
