

# Just For Loving You

Dynasty

Here I am looking for  
Then I found you  
I can see, in your eyes  
Anguish to die

My life was only a reason  
What has passed with me  
I will tell you

I only have spoken about love to the hearts  
But nothing couldn't be resolved  
In my human body I can feel  
so much anguish and pain

Until the time arrived  
And everything came true

Upon me I supported your sins and your pains  
In a rock I buried  
My forgiveness you received

If you don't believe  
You can touch me  
Here I am  
Everything that I passed

Was just for love  
Just for loving you

Until the time arrived  
And everything came true

Upon me I supported your sins and your pains  
In a rock I buried  
My forgiveness you received
