

Salvation

Dynasty

When I'm in the desert
I stop to think
In the world
(That) The master came to give us
Who believe will be saved
Only cry out
Forgiveness, eternal life he will reach.

(The) Sea waters suffocate me
Drowning me in my sins
Lost in my thoughts
I wait the end come to me
But I look up to the hills
Where my help is
An extended hand
to catch me.

Salvation
I found in my Lord
He gave his life for me in the cross
His love
That gives me life
Inside of him, don't suffer anymore.
