

# Bastards Of Rock n Roll

Dynazty

With our burning hearts, we make a fire start  
An evolution here to change the world

We are the new breed  
We're here to take lead  
The time has come for us to plant our seed  
And we don't live by no rules tonight

We set the town alight  
The place is getting crowded  
The music's getting louder  
We are the bastards of rock 'n' roll  
Though we are sinners, we are the winners  
We are the b\*\*\*\*\*s of rock 'n' roll

You tell us we're not true  
That we are nothing new  
A bunch of phonies in a fake costume

But who are you to say, how to go our way  
You'll see we're more than fifteen minutes of fame  
We don't live by your rules tonight

We set the town alight  
The place is getting crowded  
The music's getting louder  
We are the bastards of rock 'n' roll  
Though we are sinners, we are the winners  
We are the b\*\*\*\*\*s of rock 'n' roll

And we go on...

We don't live by your rules tonight  
We don't live by your rules tonight  
We set the town alight  
The place is getting crowded  
The music's getting louder  
We are the b\*\*\*\*\*s of rock 'n' roll  
Though we are sinners, we are the winners  
We are the b\*\*\*\*\*s

The place is getting crowded  
The music's getting louder  
We are the b\*\*\*\*\*s of rock 'n' roll  
Though we are sinners, we are the winners  
We are the b\*\*\*\*\*s of rock 'n' roll

And we go on...  
And we go on...
