

Come Alive

Dynazty

I come alive when the full moon rises
Lust awakens within me
I control the demon inside
Begging me to set him free from his hide

Call me in to your den of sin
Let the night begin

I live for the night
That's when I turn a sinner
And you turn a saint
I live for the time
When the daylight is fading
That is when I come alive

Every morning I look in the mirror
I see a man hiding in a masquerade
I can't fool myself any longer
I was born a savage, I live to ravage
I can't hide

Call me in to your den of sin
Let the night begin

I live for the night
That's when I turn a sinner
And you turn a saint
I live for the time
When the daylight is fading
That is when I come alive

When the daylight is fading
That is when I come alive
