

# Hologram

Dynazty

Chases  
Dreaming of far distant places  
Traces of words never said  
Over a fine line we tread  
Chasing someone's halo  
This ghost in my head I can't let go  
Into the dark I descend  
I descend

Memories, broken dreams  
Hauntingly dark reveries  
Void like a hologram, hologram  
Chasing a fantasy  
We transpire to be  
Void like hologram  
We're shallow and empty like a hologram  
Like a hologram

Darkness  
Walks hand in hand with the heartless  
Madness but a few steps away  
From common sense I stray  
Into false catharsis  
Believing I truly deserve this  
Inside the dark I remain  
I remain

Memories, broken dreams  
Hauntingly dark reveries  
Void like a hologram, hologram  
Chasing a fantasy  
We transpire to be  
Void like hologram  
We're shallow and empty like a hologram

Wherever I go  
I am set to crash into a wall  
For the truth we all sell  
There's a price I must pay  
How many times must I feel I've failed once again  
Because I fear I cannot see the real me

Memories, broken dreams  
Hauntingly dark reveries  
Void like a hologram  
Chasing a fantasy  
We transpire to be  
Void like hologram

Memories, broken dreams  
Hauntingly dark reveries  
Void like a hologram, hologram  
Chasing a fantasy  
We transpire to be  
Like hologram  
We're shallow and empty like a hologram
