

Knock You Down

Dynazty

So you think you're
Up for the challenge
Of taking down
The king of the hill
You're trying to find
The right balance
Doesn't matter 'cuz
We're going for the kill

We will always remember
You're the great pretender
We are gonna knock you down
Down
Down

Knock you down
In the final round
You will hit the ground
Giving all you've got
Just doesn't see to be enough
We'll beat you, we'll defeat you
We will knock you down

We're going hard for a knockout
Get ready or you'll go down fast
Like David facing Goliath
No matter what you will never last

Knock you down...
