

Lights Out (In Candyland)

Dynazty

It's not that hard to make it past the dark
It's not that hard when you're begging for more

Listen up, it's now or never
Step in and you'll stay forever
It's all you wanted (It's all you wanted)
I know you want it
In the night
No fear inside

Lights out in Candyland
You go down and I still stand
It's love at first bite
Lights out in Candyland
You'll be there at my command
It's love at first bite

It's not that hard to drop into the game
Play by the rules and get your piece of fame

Listen up, it's now or never
Step in and you'll stay forever
Most of you want it (Most of you want it)
And yes they need it
In the night
With no fear no cry

Lights out in Candyland
You go down and I still stand
It's love at first bite
Lights out in Candyland
You'll be there at my command
It's love at first bite
Love at first bite
It's love at first bite
Love at first bite

Lights out in Candyland
You go down and I still stand
It's love at first bite
(Lights out) in Candyland
(Lights out) at my command
(Lights out) at first bite

Lights out in Candyland
You go down and I still stand
It's love at first bite
Lights out in Candyland
You'll be there at my command
It's love at first bite

Lights out
Lights out
Love at first bite
Lights out
Lights out
Love at first bite

Love at first bite
