

Monkey Wants, Monkey Needs

Dynazty

Welcome to the house of fools
In disguise, they make no rules
Stand up unless you can choose
Follow or you're face the news
Light up 'till you die in vain
You're in debt and you shall pay
Now it's good or sold, they say it
To crush whatever comes their way

An eye for an eye
A tooth for a tooth
Oh, there ain't no going back

Monkey wants
Brick by brick they gonna tear you down
Monkey needs
Teach you what to think and feel
Monkey wants
There's nothing you can do about it
Monkey wants, monkey needs

Living your life like it's already over
As long as you back down, it'll only get colder
Living is hard, every day is the same
Your gimmicks fail, and you're over the game

An eye for an eye
A tooth for a tooth
Oh, the only one I know

Monkey wants
Brick by brick they gonna tear you down
Monkey needs
Teach you what to think and feel
Monkey wants
That's the only way they know
Monkey needs
There's nothing you can do about it

Monkey wants
Brick by brick they gonna tear you down
Monkey needs
Teach you what to think and feel
Monkey wants
Your gimmicks fail, and you're over the game
Monkey needs
Never gonna give in, never gonna give in

Monkey
Monkey
I'm such a monkey
Monkey
Monkey wants, monkey needs
