

Raise Your Hands

Dynazty

You're down on your luck
And it's monday morning
You're stuck in a cage
And you can't break free
Do you want it? No!
Do you need it
You got to let go
When it all feels the same
On a tuesday morning
You're sick of it all
You got to break free

Take a look at the life you're living
Time to start living to win

Raise your hands
Let it out
Live every day like it's friday night
Raise your hands
Scream and shout
Show everyone what it's all about

Time passes by
And it's wednesday evening
You slave to the grind
And no time for fun
But you want it yeah!
And you need it
So let it show
Thursday's around
And the clock's still ticking
You're wasting your time
While I'm drinking whiskey

So this is my conclusion
Time to start living your dream

Raise your hands...

Celebrate
Celebrate tonight
Don't you hesitate
Celebrate tonight
