

The Devil's Playground

Dynazty

I find myself in trouble
I'm going down the drain
I don't care about tomorrow
Or yesterday
I don't care about nothing
For that I will pay
The only thing I care about
Is living for today

I'm going down
For another round
I'm on the devil's playground
Living free
In misery
I'm on the devil's playground

I'm caught up in trouble
I'm going down the drain
A suicidal killing spree
My road to hell
Don't beg for mercy
I don't beg for help
The only thing I care about
Is living for myself

I'm going down

My life is nothing
But a carnival of sins
When a hard night is over
The next one begins
The angel in me
Has fallen to the ground
A new one is born
To be forever hellbound

I'm going down
