

# The Shoulder Devil

Dynazty

I have two faces, I have two names  
I have two sides that cannot be tamed  
I am an angel, I am a travesty  
I am a case of duality  
A son of anarchy  
A man of dignity  
Just who I am I can never see  
As I'm conflicted by  
My unbalanced pride

My shoulder devil tilts me to his side  
You are my ally, you're my worst enemy  
My confidante and my catastrophe  
You are my weakness, you are the strength in me  
My shoulder devil and my humanity

I live inside you, I breathe your air  
I'll play your game but I do not play fair  
I'll be your answer  
I find all that you seek  
I'll be your tongue when you cannot speak  
Your silence overrun  
I'm conning everyone  
A pacifist with a loaded gun  
Until the very end  
I'll be your last defense

Your shoulder devil, your one and only friend  
You are my ally, you're my worst enemy  
My confidante and my catastrophe  
You are my weakness, you are the strength in me  
My shoulder devil and my humanity  
You are my ally, you're my worst enemy  
My confidante and my catastrophe  
You are my weakness, you are the strength in me  
My shoulder devil and my humanity  
You are my ally, you're my worst enemy  
My confidante and my catastrophe  
You are my weakness, you are the strength in me  
My shoulder devil and my humanity
