

All That Will Be

Dyslesia

I failed many times
Hurt deep inside
All let you down
You don't know how
You're trapped in the webs
Of spellbinding shades
When all let you down
You don't know how

(Chorus)

Come what may
But don't think there's no price to pay

(2nd Chorus)

All that will be
Won't come from me
Core of my dreams
Weird as it seems
You can tease me
You can play me
And make a whole world bleed

I roamed many times
Been down deep inside
When souls were so close
Your eyes so bright
And as morning rose
There's no place to hide
All let you down
You don't know how

(Chorus)

(2nd Chorus) (2x)

All that it takes
Will come from sense
Core of my dreams
Strange as it seems
You can tease me
You can please me
And make a whole world bleed
