

# Control All Delete

## Dystopia

Save me from my humanity  
Save me from my human self  
I will submit to computer God  
And give myself away to you

Double click for friendship  
Double click for love  
Salvation is under my palm  
Click here for serenity  
Double click for security  
Bliss was here all along

Blessed with this new gift  
Bestowed onto me  
Everything I want  
Within my grasp  
Nothing but self  
Is sacred to me

Click here for power  
Click here for sex  
Email to make sure I keep all my friends  
Double click for comfort  
Double click for all  
Cyberlord you heard my call

Giving a window for them to look through  
Sacrifice privacy, all that you do  
How you live and what you think  
Delete your freedom  
Click by fucking click

Click here  
Click here for all life to fall  
Click here  
Click here for the enslavement and death of us all  
Delete environment  
Delete the mind  
Humans will kill themselves given the time  
Cries of "what happened?"  
Or did you forget?  
Your fingerprints are human  
And you are a piece of shit
