

Afterglow

DZ Deathrays

We sat till the morning
Huddled into the doorway
Of my home
Face down a hallway
Left my heart in a corner
To gather dust
You said I think it's Tuesday
And it doesn't even matter
Cause we're gone away

I sit you down in my arm
We don't need to talk
Yeah get that voodoo on
Let it spin

I don't need a morning
Just take it to the sun
I don't need a morning
When you feel the afterglow

Wait out for the verdict
I won't sleep until I've heard it
From my own tongue
My season keeps turning
My love keeps burning
But it won't burn out

I try to pick up the phone
But you got my fingers
And you got my tongue
And I nailed it to the hard wood floor
Turn off the lights
And close the door but

I don't need a morning
Just take it to the sun
I don't need a morning
When you feel the afterglow

I don't need a morning
Just take it to the sun
I don't need a morning
When you feel the afterglow
