

All or Nothing

DZ Deathrays

As soon as I am in a better place
Running through the back streets
Knocking out your front teeth
Your desires, they won't go away
Kicking in the front door
Is this what you're paid for?
My guitar, my guitar

Hypnotize whenever you are near
I wanna make it clear
So, you know that I am sincere
Bloodshot eyes
Stepping on a plane
Waiting for the next one
You won't know when it's done
My guitar, my guitar
My guitar

It's all or nothing
You gotta give me something
It's all or nothing
Gotta give me something

Rolling dice, holding out for threes
Begging for them, please
This one's for the thrill seeks
Killing time
Try to clear my head
Obsessed with the feeling
I'm working on a new thing
My guitar, my guitar
My guitar

It's all or nothing
You gotta give me something
It's all or nothing
Gotta give me something

It's all or nothing
You gotta give me something
It's all or nothing
Gotta give me something

(Gotta give it all)
It's all or nothing
(I can give you something)
(Gotta give it all)
You gotta give me something
(Waiting for the next one)
It's all or nothing
You gotta give me something
