

Bad Influence

DZ Deathrays

I got my own issues, own issues, own issues, yeah
I keep looking over my shoulder, over my shoulder, over my shoulder, yeah
Got problems with politicians on a mission, to always stitch you up
Get old but it doesn't get slower, doesn't get slower, doesn't slower

My bad influence

Keep saying I should take a vacation, or maybe a relation, maybe a relationship
When you say my body is over, it won't be sober, it won't be sober yeah
Tell myself I need a prescription, or a physician, to get me through this
We've got some bad issues, bad issues, bad issues

My bad influence
