

Fixations

DZ Deathrays

I caught my head covering the fore of my head
Trying to read my palm, my future's all planned
... nothing like nothing's ever settled
Feel like time wasted, let's start with something

Fixations, my problems
Fixations
Can't stop 'em!
Fixations, my problems
Fixations
Forget about fixing
Forget about problems
My own decisions
Gaze it by the...
We stare each other with nothing to say
Though what we're saying start to fixate

Fixations, my problems
Fixations
Can't stop 'em!
Fixations, my problems
Fixations
Ah, you gotta let it out
Ah, and fixate about something out!
Ah, you gotta let it out!
I hear my body
I try to let
Mistakes are what makes me feel
Like I'm disconcerted

Fixations, my problems
Fixations
Can't stop 'em!
Fixations, my problems
Fixations
Ah, you gotta let it out
Ah, and fixate about something out!
Ah, you gotta let it out!
And love, and all
Makes me feel like I have just loved you
For I said... lately I've been thinking that I should
Alright!

Fixations, my problems
Fixations
Can't stop 'em!
Fixations, my problems
Fixations
