DZ Deathrays

I be playing shows 'til it hurt  
Everything about it, I know I deserve  
I'ma put in that work  
Put in that work  
Now they in the front row and they going beserk

Said I be playing shows 'til it hurt  
Everything about it, I know I deserve (Just take it to the sun)  
I'ma put in that work  
Put in that work  
Now they in the front row and they going beserk

(I don't need a morning)  
Put in that work  
Put in that work (When you feel the afterglow)  
Put in that work  
Now they in the front row and they going beserk

Blessed up, blessed up looking for some answers  
Holes in my pockets but look good for the cameras  
Brown body getting shot-shot on your camera  
Brown skin shining real bright on them lenses

Push off the plane, bitch, back to my island  
Five finger fist, get the people excited  
I came, I saw, I will conquer  
I'ma need to see that brown fist at the concert up

I'm living a life that was never made for me but

I don't need a morning (I'ma put in that work, I'ma put in that work)  
Just take it to the sun (I'ma put in that work, everything about it yeah I k  
now I deserve I'ma put in that work)  
I don't need a morning (Put in that work)  
When you feel the afterglow (I'ma put in that work, Now they in the front ro  
w and they going beserk)

I drive it like I stole it, you drive it like it's rented  
Every rule I broke it, you barely ever bent it, I meant it  
We went from drinking at steps and park benches, to  
Those successive parked benz's  
That's a big step from being counted in the census  
Talk about the best bet, and count me in the sentence  
This's the same shit from when I moved in  
The moot list when I do things from a shoe-string  
I made something of it, exactly how I planned it  
I took what I want but never again for granted

I don't need a morning (I'ma put in that work, I'ma put in that work)  
Just take it to the sun (I'ma put in that work, everything about it yeah I k  
now I deserve I'ma put in that work)  
I don't need a morning (Put in that work)  
When you feel the afterglow (I'ma put in that work, Now they in the front ro  
w and they going beserk)

I tried to pick up the phone  
But you got my fingers and you got my tongue

And I nailed it to the hardwood floor  
Turn off the lights and close the door but

I tried to pick up the phone  
But you got my fingers and you got my tongue  
And I nailed it to the hardwood floor  
Turn off the lights and close the door

On my champion shit, get the championship  
I snap in the flow when the snare hit  
Used to rhyme over Dre beats for the snare hit  
These days, rappers don't know where the snare is\

(When you feel the afterglow)

I don't need a morning (I'ma put in that work, I'ma put in that work)  
Just take it to the sun (I'ma put in that work, everything about it yeah I k  
now I deserve I'ma put in that work)  
I don't need a morning (Put in that work)
