

Golden Retriever

DZ Deathrays

My head is on the dart board
By my heart is on the living room floor
I'm feeling kinda wasted
But I don't wanna feel it no more
Putting up with that
Seeing you with someone else
Putting up with that
Fishing in a wishing well
Putting up with that
Wishing I was somewhere else
Not here

I'm such a dreamer
Golden retriever
Hopeless and needy
I really gotta work this out

I'm balancing all these thoughts
But my heart is on the chopping board
I'm feeling kinda weightless
Please just bring me back to the floor
Putting up with that
Seeing you with someone else
Putting up with that
Pissing in a wishing well
Putting up with that
Wishing I was somewhere else
Not here

I'm such a dreamer
Golden retriever
Hopeless and needy

Golden retriever
Golden retriever
Golden retriever
I really gotta work this out
I really gotta work this out
I really gotta work this out
I really gotta work this out
