

Kerosene

DZ Deathrays

Let's talk about how you've been
Let's talk about how am I
Heard you say you've wanted this for so long
Still just waiting for the sun to set
A little bit of kerosene
A little bit of turpentine
Start a fire and heat up the night
Hoping that I can turn our time back again
To something better than this

Let's talk about what we miss
I'll help you try and realise
Don't you know we've been holding out for so long?
Still just waiting for the day to break
You know what the problem is
It's greener on the other side
All we do is hope for the best
Yearning for what we had
Still don't know what's next
Something better than this
Something better than

I'll be right here
Adrenaline in my heart
You be the spark
I'm waiting for the shot
I'll be right here
Adrenaline in my heart
Stand in the dark
I'm waiting for the gun

Kerosene (let's talk about, let's talk about
Let's talk about, let's talk about)
Kerosene (let's talk about, let's talk about
Let's talk about)

I'll be right here
Adrenaline in my heart
You be the spark
I'm waiting for the shot
I'll be right here
Adrenaline in my heart
Stand in the dark
I'm waiting for the gun

Adrenaline in my heart
I'm waiting for the shot
Adrenaline in my heart
I'm waiting for the shot
