

King B

DZ Deathrays

Running on your power
I need to feel the voltage I devour
I wanna see the waves among the ocean
I wanna feel the epic force of motion
I wanna see your

Face, face
Nothing comes as close
Even just a fraction
I wanna see it happen
In this place, place
Turn it upside down
I'm sure you're more than happy
To set off a reaction

Aye, here's to King B
Aye, here's to King B

Yeah push me from the get go
I know the only answer is to let go
They'll know the operation's off the table
I wanna see the embrace of your neighbour
They told me that your

Face, face
Nothing comes as close
Even just a fraction
I wanna see it happen
In this place, place
Turn it upside down
I'm sure you're more than happy
To set off a reaction

All I wanna do is break through
You're the flame and I'll be the fuse
Make it one or make it a few
Right, yeah right, I'm coming through

Aye, here's to King B
Aye, here's to King B

All I wanna do is break through
All I wanna do is break through
All I wanna do is break through
All I wanna do is break through
