

# Like No Other

DZ Deathrays

Records  
And breakers  
And lovers  
And makers  
How do we take it  
We take it - like no other

Cut down to size  
Cross your eyes  
Call the medic  
Where is this place?  
I'm in this space - like no other  
like no other

How can ya tell  
I'm in the backseat of a jet plane  
Look at me now  
I'm on the television  
How can you tell  
Well I'm overloaded  
Nah nah nah nah nah nah  
Like no other

Risk it  
For business  
You don't wanna miss this  
Makers of chance  
Clap ya hands - like no other

Split at the seams  
No one believes  
Until they see it  
Crushing ya dreams  
Into ya drink - like no other

How can ya tell  
I'm in the backseat of a jet plane  
Look at me now  
I'm on the television  
How can you tell  
Well I'm overloaded  
Nah nah nah nah nah nah  
Like no other

How can ya tell  
From Jurassic to the modern age  
Look at me now  
I'm working with precision  
How can you tell  
Time to get decoded  
Nah nah nah nah nah nah  
Like no other
