

# Snakes

DZ Deathrays

Light a flame  
Keep it stoked  
Feel it lit between your toes  
Another year of followed dreams  
Hesitation sinking in

I've been calling  
Hoping for something  
Wait it out  
Don't let it go  
I got my heart in this  
There's no room for snakes  
Better make it count  
There's no time to

Ride the wave  
Let it go  
Dive head first in to the stones  
Another year is passing me  
Hesitation sinking in again

I've been calling  
Hoping for something  
Wait it out  
Don't let it go  
I got my heart in this  
There's no room for snakes  
Better make it count  
There's no time to waste

And I know that I'm fine  
I keep waiting for something  
Too late no time

(I got my heart in this)  
(There's no room for snakes)  
(Better make it count)  
There's no time to  
I got my heart in this  
There's no room for snakes  
Better make it count  
There's no time to  
And I know that I'm fine  
I keep waiting for something  
Too late, no time  
Too late, no time
