

## Swept Up

DZ Deathrays

When I saw you from across the room  
My eyes were tired  
When you asked me oh what's my name  
My tongue was tied  
And we're sitting at the bar again  
Our fingers tight

And I'm swept up in the moment  
I wanna be your lover  
I wanna be your lover  
Yeah, I'm swept up in the moment  
I wanna be your lover  
I wanna be your lover

When the city is a cold dark place  
You are my light  
When the sun drops and you're not there  
It feels like a lie

And we're swept up in the moment  
I wanna be your lover  
I wanna be your lover  
Yeah, I'm swept up in the moment  
I wanna be your lover  
I wanna be your lover

I wanna be your lover  
Yeah, I wanna be your lover  
I wanna be your

Yeah, I'm swept up in the moment  
Yeah, I'm swept up in the moment
