

Ay, you know I keep a bankroll, but I'm finna get another one  
And I'm finna get another one  
You know I keep a bad bitch, watch me get another one  
Watch me get another one  
I threw back three shots, and I'm finna get another one  
And I'm finna get another one  
You know I keep a bankroll, and I'm finna get another one  
Yeah, I'm finna get another one

Every hour is happy hour and my vision is smeared  
I'm on this Moscow Mule, vodka and ginger beer  
I got a blunt in my ear and a rubber band full of commas  
A couple of packs of the dank, some cookes, Runts, and some Mambas  
Prepare for the drama, and I stay noided and spooked  
Never know who don't like you, you never know who gon' shoot  
A nigga bitch could be a fan of a nigga, I'm 'bout my money  
No wonder did that ho ass nigga be actin' hella funny  
I'll punch a sucka in his mouth (What else?)  
Knock his tooth out, make him look like a cook at the Waffle House (The Waffle House?)  
I remember sleepin' on the couch in an empty house  
Waitin' for my plug to show up for three days during a drought (Wow)  
Whole ones, half a unit and quarters  
Nothin' in my name, I paid my bill with money orders  
Hella people that I looked up to let me down, they hurt my heart  
They disappointed, turned into fuckin' clowns, BIATCH!

Ay, you know I keep a bankroll, but I'm finna get another one  
And I'm finna get another one  
You know I keep a bad bitch, watch me get another one  
Watch me get another one  
I threw back three shots, and I'm finna get another one  
And I'm finna get another one  
You know I keep a bankroll, and I'm finna get another one

Look, I'm 'bout to get another one, enough ain't enough  
Bustdown on each wrist, I had enough of them cuffs  
I figure it's time to ball, we done suffered enough  
To grow up wantin' everything and havin' nothin' be rough  
From where the big bad wolf will huff and he'll puff  
And he'll blow your house down, goes down like countdowns, nigga  
Catchin' plays, different routes now, nigga  
I'm chasin' paper, you just chasin' clout 'round, nigga  
They ear-hustle, can't run your mouth 'round niggas  
And pocket-watch, so careful who you count 'round, nigga  
And hoes'll get colder than a freezer on you (Freezer on you)  
The one who knew you best'll catch amnesia on you  
Got another one and she just wanna bounce, that, ass

About my business like Jews, sell alcohol and sell booze  
A good example for my people, I'm polished and gamed up  
I don't leave the crib without havin' my pistol tucked  
Bitch, I'm a street nigga, my nigga, chitlin, hog maw and tripe  
Barbeque burnings and biscuit, ox tails, gravy and rice (Rice)  
All my fuckin' life I've been a factor (Factor)  
And I gotta remind you niggas that bad bitches matter  
Don't let a good one get away, better wife her up hella quick  
'Cause you gon' be hella mad when she suckin' on the homie's dick (For real)  
I'm global not local, I'm coast to coast, you niggas stuck in the box  
You four blocks, you and your folks (What they call you?)  
They call me Mr. Gas the Most, the people's host (People's host)  
I'm done with bein' broke, broke up with broke (Broke up with broke)  
Used to rent but now I got a house note  
Used to sell dope but now this hustler sell hope (Sell hope)
