

All this gold on my necklace
All this bread on my checklist
I been livin' my life reckless
Stackin' them chips like tetris
Bet, bet, bet, bet, bet, bet, bet, bet (Bet it up, bet it up)
All this drip on my necklace
I be getting bread on my checklist

Stackin' this bread like tetris
Bet, bet, bet, bet, bet, bet, bet, bet (Bet it up, bet it up)

Honey right here go mainy
Coke bottle shaped like ENTI
Smell good not stanky
I could pull a batch without a nickle
Money up like a wifi signal
Spit game, break it down like a syllable
Make your girl happy not miserable
Sauce like praga
I can roll a blunt in a tornado
I can make a Diesel do a backflip
I can turn a pimple to a brick
Connected like a Lego bet you're looped 'bout my pesos?
Jump out my gouda and I buy my clothes from ASOS
Used to meet my clients in the parking lot of Trader Joe's
What you say? Trader Joe's

Left pocket got ten

So you know I'm walkin' with the doe
If we talkin' 'bout walk, check the feet too
Prada shoes can't earn it like a Leek do
Brunch with a Thai girl, it would please ooh
Baps like how can I meet you?

Deeds ain't real, they see-through
A40 with a 40 make a freak move
Tryna put it in her mouth like a hachu
