

## Give Me 6

E-40

Rick Rock beats

Nigga give me six (Six, six, six)  
Nigga give me six (Six, six, six)  
Nigga give me six (Six, six, six)  
Give me six feet and an ounce of space  
Give me six feet and an ounce of space (Nigga give me six)  
Give me six feet and an ounce of space  
Give me six feet and an ounce of space

Ain't nothin' between us but space and opportunity  
No time for childish shit and buffoonery  
I sneeze around peons, aches  
I don't want no clowns hanging 'round me  
Gotta peep the borderline haters on the cuffs  
It's hard trust the people that you trust  
The closest one to you that always borrow  
They'll line you up tomorrow for some marbles  
I can look a human in the eye like a stock  
And tell right away that he ain't no good guy  
His energy in this aura ain't connected  
He jealous his pockets is anorexic  
When I was twenty-one, my dreams was twenty-to-one  
I accepted my failures and didn't blame anyone  
Sign hella cousins to your label and they rap  
Chances are a couple gon' stab your ass in the back

Nigga give me six (Six, six, six)  
Nigga give me six (Six, six, six)  
Nigga give me six (Six, six, six)  
Give me six feet and an ounce of space  
Give me six feet and an ounce of space (Nigga give me six)  
Give me six feet and an ounce of space  
Give me six feet and an ounce of space

Bad bidness, I don't practice  
I'm ganged up and sharp like a cactus  
I'm all over it like flour on raw chicken  
I don't bogus shit ain't no reneggin'  
Gettin' after it, I done mastered and perfected the art of gassin'  
Twenty-two years of heat, not once did I fall asleep  
If there's yayper bein' made, then I want in  
We can't be friends if 40 ain't your top ten  
Don't ever mention my name in the same sentence as sucka shit  
The Bay is what I claim and I never been a [?]  
I been at workin' in virtual meetings all day  
When I slap gospel music, I play the homie Lecrae  
I'm a veteran but I'm current and I'm on  
Every word that I say can be a song  
Uh, rap like I'm poor  
West Coast best, Mount Rushmore

Nigga give me six (Six, six, six)  
Nigga give me six (Six, six, six)  
Nigga give me six (Six, six, six)  
Give me six feet and an ounce of space  
Give me six feet and an ounce of space (Nigga give me six)

Give me six feet and an ounce of space  
Give me six feet and an ounce of space
