Bitch, I'm the GOAT, I'm not a sheep
I'm countin' fetti when I'm asleep
Ho, I'm a mogul, your dude is a hobo
I got a black belt in rap, not Taekwondo
If I drop the ball I'll recover my fumble
My rap career long a Mexico tunnel
Bitch, I spit facts, I drop gems, I don't mumble
I come from the game, mayne, I'm solid, won't crumble
Name a rapper with more slang than me, my nigga (I'll wait)
Name a rapper with more game than me, my nigga (I'll wait)
Name a rapper that taught you things like me, my nigga (I'll wait)
I'm the GOAT since 1988

Stare at it too long, it just might blind a bitch (BIATCH!)
I chase the marbles, I get my quid (Quid)
The dank that I smoke is top shelf, it ain't mid (Who are you?)
I'm the realest nigga in it from the cradle (The soil)
Paved the way for hella independent labels (I'm royal)
Bricklayer that laid the bricks, helped pioneer this
And you a nerd if you ain't got me on your playlist
I'm one of the greatest of all-time, it ain't no question
I done reinvented myself hella times, my nigga, dozens
I'm your favorite rapper's rapper and my voice is an instrument
28 studio albums strong, three decades, I'm still relevant, BIATCH!
