Bill collectors calling all day barely paying the rent  
Eviction notice on the door landlord acting just like an anus  
On the phone with PG and E try'na make payment arrangements  
Glue codes high, higher than it's ever been  
Cold part about it, can't afford my medicine  
We gotta new president, hopefully he's heaven sent  
A young black man highly educated intelligent  
I was raised in the hood so what the fuck  
When we a do anything to make a buck

Shortly after that bout a month in a half long  
The good Lord called for my granddaddy to come home

But I can't sleep at night  
I got money on my mind  
And right now everything's tight

Why set up for pennies, when I can make G's  
My bank killing with these overdraft fees, bouncing checks and  
My credit already fucked up so send me to collections  
And to make things worse, I just found out

When got tested the other day wasn't feeling too great  
Cause gout feels ten times worse than a toothache  
Car broke down, cell phone off  
But I ain't goin kill myself, I ain't soft  
Even when I be drinking I be talking to the man up above  
Lord, when my time is up, will you let me into your club?
