

Melt

E-40

I don't drip, I melt (Melt)
Coupe gon' melt (Melt)
Diamonds all ice, so you know they gon' melt (Woo)
New bands melt 'cause they same color water (Yeah, yeah)
I don't need the rain, I can do it myself (Yeah)
I don't drip, I melt (Hell yeah)
Water, water, water
Yeah, bitch, I melt (Woo, hell yeah)
Water, water, water

Euh, VVS, holdin' water on my chest
Never confess, I'm too blessed to even stress
Frozen whips, Richard Mille and baguettes
Dressed to impress, tattoos on my arms and flesh
Flex and finesse, fetch the fetti, get the bag
On the mic, where you can find me in the lab
Diamonds bright, lit up like a launching pad
On my hype, everywhere I go I pack

Tall cash, stash, stack and try to make it last
Northern California life is rougher than a Brillo Pad
Anyone'll take your life, anyone'll do ya
Watch the way you move, don't let the diversity fool ya

I don't drip, I melt (Melt)
Coupe gon' melt (Melt)
Diamonds all ice, so you know they gon' melt (Woo)
New bands melt 'cause they same color water (Yeah, yeah)
I don't need the rain, I can do it myself (Yeah)
I don't drip, I melt (Hell yeah)
Water, water, water
Yeah, bitch, I melt (Woo, hell yeah)
Water, water, water

Uh, water, water, The Waterboy, Bobby Boucher
Drippy neck, spent about 200K
All due respect, to thy God my tithes I pay
Every day, I get on my knees and pray
Smell the aroma, cologne I wear Plum Japonais
I'm a boss, I should give myself a raise
Movin' weight, but I ain't talkin' 'bout the gym
They love to hate, 'cause I'm out here havin' Ms

Tall cash, stash, stack and try to make it last
Northern California life is rougher than a Brillo Pad
Anyone'll take your life, anyone'll do ya
Watch the way you move, don't let the diversity fool ya
